

How much does it cost?

I (Matt O'Connell), printed two of the panels . These were printed at A1 size and were laminated to protect them. They cost \$25 each but the printing firm indicated that the more that were printed, the cheaper it would become. I am hopeful over time of printing a complete set that parishes can then use whenever they want.

Next Steps

Please pray about whether you want to run this exhibition and please browse the website for more information. I think this exhibition would be excellent to run in conjunction with a 40 hour Eucharist Adoration Event.

"The Eucharist is thus the source and summit not only of the Church's life, but also of her mission: an authentically Eucharistic Church is a missionary Church. From the Eucharist, the Church draws the spiritual power needed to carry out her mission. The Eucharist thus appears as both the source and the summit of all evangelization, since its goal is the communion of mankind with Christ and in him with the Father and the Holy Spirit". Pope Benedict XVI

How to run the exhibition in your parish

"The more Eucharist we receive, the more we will become like Jesus, so that on this earth we will have a foretaste of Heaven" .

Servant of God Carlo Acutis, organiser of the exhibition

What is the exhibition?

A recent article on Zenit described an amazing exhibition on Eucharistic Miracles that can be downloaded, printed and exhibited in any parish or Diocese. I (Matt O'Connell) have been in touch with the promoters about hosting this exhibition in parishes in our Diocese. Below are some excerpts from the article.

In the history of the Church there have been over 130 Eucharistic Miracles that have been “acknowledged by the Church”. “This is an extraordinary event that transcends the laws of nature to show us the heart, the summit, and the core of God's great plan. This crucial fact, the death and resurrection of Jesus, determines our faith”.

“Cataloguing all the miraculous events, throughout history, where the consecrated Host turned into flesh, and the wine into the blood, or when the Sacred Species was saved from desecration, theft, fire is a difficult task”. The exhibition on Eucharistic miracles, thanks to a large collection of photographs and abundant historical descriptions, is unique. Information on these miracles “have been collected by this museum that runs through the panels which “virtually” lead us into the places where the events occurred”. Already hosted all over the world, “the exhibition is the brainchild of the young Carlo Acutis”.

“Born in London on 3 May 1991 and died in 2006, aged 15, due to a fulminant leukemia, Carlo focused his short life on developing a friendship with Jesus.

At just 11 years-old he decided to talk about his special bond with the Eucharist. *“The more Eucharist we receive, the more we will become like Jesus, so that on this earth we will have a foretaste of Heaven”* he wrote. He asked his parents to take him in all the places where the Eucharistic miracles took place. Hence the idea of the creation of this exhibition assumed a primary historical value”.

Its organisation took about two and a half years. As you can read on the website, “The spiritual effects brought about by the exhibition could not have been predicted before its opening. “This exhibition is a testament to his friendship with Jesus that Carlo has bequeathed to us all and for which his beatification cause has started”.

How do we run the exhibition?

One the website <http://www.miracolieucaaristici.org> there are 140 panels detailing every church approved Eucharistic Miracle. Once permission has been given, you simply download as many panels as you want to show and get them printed. They are big files, A1 size, and the panels can be displayed in a variety of ways as you can see below.
